

SMART-BAGGAGE SOLUTIONS

SORTING ALLOCATION COMPUTER

Powered by Kongsberg Industrial Solutions

**Simplify
bag sorting**

- Intuitive interface
- Baggage tracking
- Instant upgrades

Sorting Allocation Computer

BAGGAGE HANDLING MADE SIMPLE

The Sorting Allocation Computer will allow a secure and effective baggage handling. Our focus is protecting our customers and running secure business operations.

It allows the operators to effectively plan the departure and arrivals flights, gather baggage information, configure the business rules, monitor

the status of the interfaces systems, and create reports that simplify taking operational decisions.

The implementation must ensure the effective management of available resources and at the same time maximize the energy efficiency of the system.

CHALLENGE:

High-cost Training

SOLUTION:

USABILITY

– INTUITIVE INTERFACE –

Reduces entry level and increases productivity with a clean and clear interface. Intuitive Flight and Bag management.

You can also customize or develop the user interface based on your individual needs.

CHALLENGE:
